Because this quiz has absolutely ZERO stake (ungraded)!

- ☐ Can I date students in my TA sections?

- ☐ What are learning objectives (LOs)?
- ☐ Where can I get FREE therapy sessions on campus?
- ☐ Where are slides posted?

11. Last week, we talked about categorizing **action verbs** in learning objectives based on levels of cognitive engagement, from low-level "remembering" and "understanding", to mid-level "applying" and "analyzing", to high-level "evaluating" and "creating". *

What's the technical term for this idea?

If you're not a TA, go back and change your answer to the last question

Mark only one oval.

- ☐ Done 🍌
- ☐ Not yet, but I'll do so by 11:59PM tomorrow. I understand that if I don't do this in a timely fashion, Junrui will have to bombard me with discord DMs and emails.

15. Have you started keeping a teaching journal, which is required for current TAs taking CS 501? *

Description: <https://junrui-liu.github.io/cs501/assignments/teaching-journal.html>

Last question!
